Add-A-Member Patch Program

Every Girl Scout should have the opportunity to experience the benefits of Girl Scouting! You can help make this happen! Every Girl Scout who invites a new girl to join Girl Scouts is eligible to receive the “Add-A-Member” patch. The new Girl Scout will also receive the patch!

To earn the patch, referrals must meet these requirements:

1. The new friend has never been a Girl Scout or has not been a Girl Scout for at least two membership years
2. The new friend must become a registered member of our council assigned to either a troop or to become a Juliette
3. The “Add-A-Member” form must be submitted with the new Girl Scout’s membership registration to the Spokane Office.

Once the referral form, registration form, and membership fee are received and the information is verified, the Registrar will send out the patches.
