FINANCIAL ASSISTANCE

Girl Scouts strives to make camp available to all girls, regardless of a family's economic situation. To encourage participation, our council has allocated funds to help those in need of financial assistance. Financial Assistance is carefully considered and the amounts offered are based on available funds and need, not merit. These funds are meant to be supplementary and the family/troop/service unit is expected to pay as much as it can towards the program, including the use of Cookie Dough.

Applying for assistance does not ensure placement or approval.

[Return to Table of Contents](#)

Financial Assistance is reviewed when the following conditions are met:

1. Be a currently registered Girl Scout
2. *Check that all outstanding debts have been paid to council*
3. Apply for financial assistance at **least 4 weeks** before the start of the session

The Girl Scout Financial Assistance application is available online at <https://gsewni.wufoo.com/forms/zcoemjm0s153oc/>

If you would like to make a donation to help send a child to camp, please contact our office. GSEWNI is a non-profit organization and your donation qualifies for tax a deduction, but more importantly, you would be making a difference in a young girl's life.

CANCELLATIONS & REFUNDS

- A full refund is given if a camper cannot be placed in a program or if it is necessary for the council to cancel the program.
- A full refund, minus the non-refundable deposit, will be given if the request is made in writing at least two weeks prior to the start of the selected session, or if the cancellation is due to illness or injury and a physician's note is provided.
- No refunds will be made for campers who arrive late, leave early, attend only part of the program, fail to show up, or for those who are asked to leave because of behavior issues.
- Refund requests must be submitted in writing to customercare@gsewni.org.

HEALTH & SAFETY AT CAMP

Our camps follow standards set forth by Girl Scouts of the USA and the American Camp Association. A qualified health supervisor is on duty at all times to supervise the distribution of medications and oversee the health and wellness of campers and staff. All camp staff are First Aid and CPR-certified and trained to respond to minor scrapes, bumps and bruises.

[Return to Table of Contents](#)

HEALTH CHECK/LICE POLICY

Upon arrival, all campers receive a health screening by trained staff. Any camper with a temperature over 99°F, who has evidence of COVID related symptoms, evidence of nits or lice, or who is otherwise ill will be sent home. After a minimum of 24 hours, if there is no longer evidence of head lice or nits, the camper may return to camp with approval from the Camp Director. Please see COVID Policy regarding COVID-related symptoms.

ALLERGIES

Through information provided by you on your camper's Health History Form, we attempt to identify and reduce the use of ingredients that may cause allergic reactions for those with food allergies. Please describe in detail on this form any allergies to medications, food, environment, etc., including a description of severity, typical reaction, preferred response, and whether the allergy is airborne, ingested, or through direct contact. If your child has special dietary needs, please let us know **at time of registration**.

Campers with life-threatening health concerns or allergies must submit an Emergency Action Plan (available from school district or physician) at least two weeks prior to attending camp.

*Note: There is **always a risk** of contamination, despite care on our part. Girl Scouts of Eastern Washington and Northern Idaho does not assume any liability for adverse reactions to foods or items a camper may encounter during their stay at camp.*

MEDICATION

On the Health History Form, the medication section must be filled out if medications are required. DO NOT pack any medications in your camper's bags, including epi-pens, prescriptions, inhalers or over-the-counter medication/vitamins. All medications are required to be turned over to the health supervisor when your camper arrives. We will only accept physician-prescribed and/or over-the-counter medications to be dispensed at camp in their original containers with the camper's name on them. Expired medications will not be accepted.

[Return to Table of Contents](#)

ILLNESSES & INJURIES

We want to partner with you for the health and safety of your camper. You will be contacted should your camper experience any of the following health concerns.

- Fever over 99° F
- COVID-related symptoms
- An injury that requires medical care outside of camp
- An injury or illness occurring on an out-of-camp trip
- An injury or illness that might exacerbate an existing condition
- Frequent bedwetting
- Any illness that lasts more than 24 hours or prevents your camper from rejoining her group within 24 hours
- Persistent vomiting or diarrhea
- Any previous request by you

Should a camper become ill or injured at camp, the staff will administer first aid and follow written procedures. This may include a visit to a local doctor's office or urgent care (limited medical and accident insurance is included in the camp fee for injuries or illnesses contracted only while at camp). If a camper's illness or injury is severe, she will be given emergency care at the scene and be transported to the hospital emergency room. Parents/guardians will be notified, but in life-threatening situations, treatment may begin before notification. If a camper requires a long rest period for recovery or she cannot remain at camp, she will be sent home and the camp fee may be prorated.

SPECIAL NEEDS

If your child has special needs, (including but not limited to: diabetes, severe asthma, seizures, serious behavioral issues or severe allergies) you must contact the Camp Director at time of registration – customercare@gsewni.org.

On a case-by-case basis, we will consult with the parent/caregiver to determine if accommodation and appropriate care is available. The parent/caregiver is responsible for providing additional training to the staff, if needed. If we are unable to accommodate a special need, we do our best to provide information for other camps or programs that may be better suited for your child.

GIRL SCOUT POLICIES & EXPECTATIONS

CODE OF CONDUCT

Before camp begins, girls and families are expected to review the Code of Conduct Form. Please be familiar with these expectations and be sure to review them with your camper before camp. Camp staff will review these expectations with campers on the first day of camp and if any behavior or safety concerns arise.

BEHAVIOR & DISCIPLINE

Undesired behavior is often the result of a need for extra support, guidance and understanding while adapting to camp. Our staff will respond accordingly and may collaborate with families to help the child succeed. However, camp cannot serve children who display chronic or severe disruptive behavior. This includes behavior that:

- ☐ Requires on-going staff attention/intervention.
- ☐ Inflicts physical or emotional harm to children or staff (including hazing, harassing or bullying).
- ☐ Is destructive. Families will be financially responsible for all damages incurred.
- ☐ Continually ignores or disobeys camp safety rules.

If a child becomes a serious discipline problem, the Camp Director will notify the family of the situation and discuss a solution. If improvement does not occur or a solution cannot be determined, the child may be dismissed from the program immediately. **No refund will be issued.** Attendance at future camp programs will be at the discretion of the Girl Experience Director.

TECHNOLOGY POLICY & PHONES

Camp is a chance for your child to “unplug”. **DO NOT SEND CELL PHONES** – your camper will not be allowed to keep a phone with her. Similarly, all other technology use will be restricted during camp.

Campers do not have access to a telephone and cannot be called directly. If there is an emergency, contact camp.

Day Camp: (509) 747-8091 or (509) 435-1325

Resident Camp: (208) 664-6827

LOST AND FOUND

Girls will be presented with the days' Lost and Found and encouraged to grab their lost items. It is especially helpful if everything your camper brings to camp is **LABELED WITH HER NAME**. If something is left behind we recommend that you call camp as soon as possible and staff will look for anything that did not make it home. It will be the family's responsibility to retrieve the items (i.e. pick them up or pay for shipping). All unclaimed items will be donated to a charitable organization.

DAILY ARRIVAL & CHECKOUT PROCEDURES

Please drop your child off between 8:45am and 9:00 am so she can get the full camp experience each day. Our afternoon ends with a flag ceremony at 3:45pm, so please wait to pick up your camper until after we finish. If you need extended hours before or after camp, they are available for an additional fee of \$5/morning and \$5/evening. However, you know your camper best! Please be mindful that a day of camp is filled with fun and exciting activities and younger campers may be tired if they attend both morning and afternoon extended care.

Parents will drive in through the hostel parking lot and campers will get dropped off by the patio. The direction of traffic will follow the arrows. **Turn into the parking lot off of Maple Street just before 7-11. Exit onto Maxwell.** Camp staff will perform check-in screening through the window of the vehicle where the star indicates on the map. Following check-in, campers will enter camp through the patio and enter the building. Check-out will have the same traffic pattern. Parents may enter the building only if they need to conduct business with the front desk or store.

Similarly, when you pick your camper up, they will need to be checked out by an authorized adult, whose name must be listed on the Camper Release Form. We WILL NOT release a camper without proper ID from those picking them up, or to anyone NOT LISTED on the Camper Release Form. This policy is in effect for the protection of the children. If you need to pick up your child before 3:45pm or contact your camper during the day, please call camp.

On the first day of camp, please allow more time for dropping off your camper in order for camp staff to check and confirm that all forms have been filled out and medications have been properly recorded.

CAMP LIFE

DAILY AND WEEKLY SCHEDULES

Campers work together to create their own experiences at camp by building their own schedules of activities. Counselors facilitate this process and guide campers as needed, ensuring that all girls have a voice and campers are able to fully experience the theme for the session.

An example day at camp may be similar to the following:

- 8:45 – 9:00 – Drop off: Go to the gym and sing songs
- 9:15 -- Flag, Announcements
- 9:30 – Group games in the gym
- 10:00 – Make/eat snack in the Café
- 10:30 – Visiting dance teacher to come teach class
- 11:00 – Experiment with STEM specialist at the park
- 12:00 – Lunch
- 12:30 – Practice skit for All-Camp
- 1:00 – Head to the park for swimming

- 2:30 – Art projects in the art room
- 3:00 – Kapers + Planning for tomorrow + Closing Circle + Flag
- 3:45-4:00 – Pick up during songs/games in the gym

A newsletter will be available during the week to let you know about some of the activities your camper may be experiencing, such as science experiments, cooking, field trips, or All-Camp.

Also as part of their daily activities, girls are asked to complete Camp Kapers to help keep our camp clean. Kapers will include sweeping, mopping, wiping down counters, or picking up trash.

[Return to Table of Contents](#)

At the end of the week, campers will spend the afternoon celebrating their achievements in an All-Camp activity and during our Scouts Own/Closing Circle, where girls reflect on what they learned and will receive awards to recognize any badge work they may have done over the course of the week. All-Camp will typically be from 1:30-2:30 and Scouts Own will typically be from 3:00-3:45 on Friday afternoons. Girls often spend time throughout the week preparing for All-Camp, and families are invited to come see the skits or presentations. Please check the weekly newsletter for more details.

CAMPER GROUPS & COUNSELORS

Girls will be placed in units together based on the grade they will be entering in the 2020/2021 school year as follows:

- Daisies: Kindergarten and 1st
- Brownies: 2nd and 3rd
- Juniors: 4th and 5th
- Cadettes: 6th, 7th, and 8th
- Seniors and Ambassadors: 9th – 12th

Within each unit, girls will be further divided into smaller camper groups and assigned a counselor who will work with the girls to plan their weekly schedule as they decide as a team what activities to do. As a team, they can choose to plan activities with any other camper group at camp, regardless of age. For example, a group of Cadettes may want to help a group of Daisies cook lunch and they could plan the menu together.

***Please see changes in COVID-protocols.**

Based on grade levels, groups will be different sizes: Daisies will have 1 staff for 4 campers or less, Brownies will have 1 staff for 6 campers or less, and Juniors and Cadettes will have 1 staff for 8 campers or less. In such small groups, girls can build meaningful friendships and tailor their weekly program. *Please see changes in COVID-protocols.

SNACKS, LUNCH, & COOKING

Girls will be able to have a healthy light snack every morning and afternoon, and will also receive lunch every day. Beyond the food provided by camp, girls are encouraged to cook lunch or snacks in our kitchens at least once a week.

We do our best to cater to allergies and dietary restrictions using substitutions and avoiding certain foods for everyone, but occasionally we may need to provide a substitute snack or food for your camper.

ACTIVITIES/FACILITIES

Beyond cooking, girls at camp may perform scientific experiments, play games, create art projects, climb on our indoor rock wall (Brownies and up), and otherwise explore the limits of their imagination. We have a book and game library, arts and crafts room, two kitchens, a full gym and a dress up room for skits. Girls work with their counselors to reserve these facilities as part of their planning for the week.

FIELD TRIPS

As part of camp, girls will have the opportunity to go on field trips. We transport girls either in our council vans with trained drivers, in school buses, by walking, or by taking the city public transportation. *Please see COVID-protocols. Spokane's AM Cannon Park is within a five block walk from camp and we often go there to

swim, play on the playground, or use their grassy areas. On any field trip, a minimum of two staff will be present to chaperone girls and assist in case of emergency. Field trip notifications will be listed in the camp newsletter or on the girls' weekly schedule.

CAMP LIFE

DAILY & SESSION SCHEDULES

Campers work together to create their own experiences at camp by building their own schedules of activities. In addition to swimming, arts and crafts, and hiking, your camper may have the opportunity to go boating, shoot archery, or participate in challenge course activities.

Counselors facilitate this process and guide campers as needed, ensuring that all girls have a voice and campers are able to fully experience the theme for the session. Staff will also help girls focus on any badges specific to their interests, as Girl Scout Badges are a strong component of our camp. Girls will leave each session with a badge sheet to demonstrate their accomplishments.

Weather permitting, campers will swim daily. On the first day of camp, all campers will be given a swim check to assess their abilities. Swimmers will only be allowed to swim in the areas that are appropriate for their swimming abilities. Lifeguards and look outs will be present during all

waterfront activities.

Also as part of their daily activities, girls are asked to perform Camp Kapers to help keep our camp clean. Kapers will include sweeping, wiping down counters, cleaning toilets, raking, or picking up trash.

[Return to Table of Contents](#)

MEALS

Camp menus are reflective of a typical school lunch menus and meet recommended dietary guidelines. Most camp meals are prepared by food service staff; however, girls are also given the opportunity to cook at least one meal outdoors. Please note all dietary restrictions (diabetic, vegetarian, allergies, etc.) on the Health History. For specific questions or concerns about menus, contact the camp director.

Meals are eaten in our beautiful camp lodge, “family-style.” Each table has two counselors, and room for six girls. Campers will be able to be “hoppers” as least once per session, where they will set the table, bring food back and forth from the kitchen, and clean up after the meal is over.

FACILITIES/ENVIRONMENT

At Camp Four Echoes, girls may stay in cabins, chalets, teepees, gazebos or tree houses! Each shelter houses 3-6 girls, depending on the unit. In accordance with Girl Scouts of the USA, camp staff do not share a cabin with the girls. Rest assured, however, campers are never far from the eyes and ears of our staff at all times.

All of our campsites have a covered picnic shelter, a fire circle, hand-washing station, flushable toilets, and enclosed, non-heated cabins.

The terrain at camp is quite uneven, with dusty and rocky hills that can become difficult to navigate. We strongly suggest sturdy close-toed shoes with socks.

[Return to Table of Contents](#)

For regular daily activities, the girls can wear recreational sandals such as “Teva” or “Chacos” (off brands welcome!). Sandals must have a back straps.

Not camp appropriate: straps are too flimsy to provide support.

Great for camp! Strong straps that keep feet supported in all terrain.

We encourage all campers to visit the facility before camp. This can be done at an event with your troop or by contacting customercare@gsewni.org.

CABIN MATES

Campers can request to be placed in the same cabin as another camper that is attending the same program during the same session. Both campers need to be the same grade. When you register your camper online, you will see a place to list a cabin mate. However, if you would like to add someone later, please contact customercare@gsewni.org with both campers’ full names, grades, and session.

The Camp Director can only guarantee one cabin mate per girl. Ideally, each girl would request the other, and there are no guarantees if a girl requests more than one cabin mate or if girls request each other in a string of requests (for example, if Isabelle requests Makayla, Makayla requests Evelyn, etc.).

MAIL & CARE PACKAGES

Mail is sent and delivered daily at camp. To ensure your camper has mail while she’s at camp, please mail letters *prior* to your camper’s arrival or pre-write letters and bring them to check-in. Cheerful, upbeat letters add extra fun to the adventure of going to camp and they are great keepsakes.

[Return to Table of Contents](#)

Mail can be sent to:

Camp Four Echoes
(Insert Camper's Name & Session Name)
22270 S. Four Echoes Road
Worley, ID 83876

Tell your camper "I Love You" while she's at camp with a Camp Four Echoes drawstring backpack care package filled with camp-themed goodies.

To place an order, add a care package to your camper registration or contact the council store at (509) 747-8091 ext. 201. Orders must be placed at least two weeks prior to the start of the session.

TRADING POST

Your camper will get the opportunity to purchase camp memorabilia (sweatshirts, stuffed animals, water bottles, bandanas, etc.) at the Trading Post. If you would like to send money with your camper for shopping, we recommend \$15 - \$35. Money can be added to her Trading Post account at registration or will be collected at check-in and deposited in your camper's Trading Post account. Trading Post accepts credit, debit, check, and Cookie Dough cards. **Any unused money deposited electronically at the time of registration will be donated back to GSEWNI at the end of the summer (no refunds given).** Any unused money deposited into a campers account at the time of check in (in person) will be returned to the parent/guardian at the end of the session.

HOME MISSING

Home missing is natural and is experienced by almost all campers on some level. We believe that when camp staff and parents work together, each girl gets the most of her camp experience.

[Return to Table of Contents](#)

You can help your camper by:

- **Discussing it with her prior to camp.**
- **Encouraging her to talk with her counselors about how she is feeling and what she is thinking about camp.**
- **Making her aware of what camp life is like.**
- **Involving her in the planning/preparation. Help her as she packs her belongings.**
- **Practicing having time away, like staying at a friend or families house overnight.**
- **Encouraging her to bring something familiar from home, such as a favorite stuffed animal, or a photo album.**

In the unfortunate event your camper shows anxiety we will call you and ask you how you would like us to proceed.

**We look forward to seeing your Girl Scout at
Camp Four Echoes this summer!**
